

And Then I Found You

by Patti Callahan Henry

About the Book

Katie Vaughan is no stranger to tough choices.

She's made them before. Now it's time to do it again.

Kate has a secret, something tucked away in her past. And she's getting on with her life. Her business is thriving. She has a strong relationship with her family, and a devoted boyfriend whom she wants to love with all her heart. If Kate had ever made a list, Rowan would fill the imagined boxes of a perfect mate. She wants the facts to move from her head toward her heart and settle in with deep love, something past admiration and comfort. But when Kate discovers the small velvet box hidden in Rowan's drawer, she panics.

It always happens this way. Just when Kate thinks she can love, just when she believes she can conquer the fear, she's filled with dread. And she wants more than anything to make this feeling go away. But how?

When the mistakes have been made and the running is over, it's time to face the truth. Kate knows this. She understands that a woman can never undo what can never be undone. Yet, for the first time in her life she also knows that she won't fully love until she confronts those from her past. It's time to act.

Can she do it? Can she travel to the place where it all began, to the one who shares her secret? Can the lost ever become found?

AND THEN I FOUND YOU gives new life to the phrase "inspired by a true story." By travelling back to a painful time in her own family's history, the author explores the limits of courage, and the price of a selfless act.

Discussion Guide

1. This novel was inspired by a true story. Is there an event in your life that you think would make a good novel?

3. Katie hears a lot of "terrible stories" from the girls at The Winsome Wilderness. How did these experiences contribute to her decision to place Luna for adoption?

4. Kate seems to take great comfort in rituals. Have these rituals served a positive purpose in her life—or have they held her back?
5. Do you think Kate and Rowan's relationship would have had a different outcome if she had been able to confide in him about her past?

12. Emily is deeply loved and has a close family, but still she struggled with feeling wanted. Why do you think this is?
13. Emily wants to know "her story"—don't we all? Did hearing her story directly from Jack and Kate help Emily? Do you think that hearing "your story" helps you understand your life? Do you believe that telling "your story" helps others?
14. At one point in the novel, Emily believes that it would be nicer to live with Katie and Jack. Can you see why she would believe this?
15. Kate has a very close family and they often talk about Luna, and yet her birth and adoption are also a tightly held secret. Do you believe families can hold these kinds of secrets? How do they affect the family and those who are close to them?
