About the Book

FROM THE MOUTH OF THE WHALE is an Icelandic saga for the modern age. The year is 1635. Iceland is a world darkened by superstition, poverty, and cruelty. Men of science marvel over a unicorn's horn, poor folk worship the Virgin in secret, and both books and men are burned.

Sjón introduces us to Jónas Pálmason, a poet and self-taught healer, banished to a barren island for heretical conduct, as he recalls his gift for curing "female maladies," his exorcism of a walking corpse on the remote Snjáfjöll coast, the frenzied massacre of innocent Basque whalers at the hands of local villagers, and the deaths of three of his children. Pálmason's story echoes across centuries and cultures, an epic tale that makes us see the world anew.

Critical Praise

“Sjón is the trickster that makes the world, and he is achingly brilliant. *From the Mouth of the Whale* is strange and wonderful, an epic made mad, made extraordinary.”

—Junot Díaz

“Hallucinatory, lyrical, by turns comic and tragic, this extraordinary novel should make Sjón an international name. His evocation of seventeenth-century Iceland through the eyes of a man born before his time has stuck in my mind like nothing else I’ve read in the last year.”

—Hari Kunzru
